

14 March 2024

Representative School Sport

Dear Parents and Carers

Calvary Christian College – Carbrook Campus – is a member of the Pacific District School Sports Association. As a member school, talented athletes attending our College have the opportunity to trial against students from other schools in the area for positions in Pacific District sport teams. Some sports require pre-selection through the Beenleigh Zone trials. Selection into the Pacific District team is the first step for students in what can be a rewarding representative sports pathway that provides them with potential opportunities to represent the South Coast Region at State Titles, then Queensland at National Titles.

The trials for the Beenleigh Zone/Pacific District Sports teams are held throughout the year and are for male and female students born 2012, 2013 and 2014 who demonstrate a high level of skill in the sports they nominate for. It is the responsibility of our College to ensure that students who nominate to attend these trials possess the experience and skill level necessary to be safe and confident to perform at a representative trial level.

With this being considered, I would like to extend the opportunity for students to register their interest for the 2024 District Sport Trials by selecting from the available sports below. Please note, that results at our College Cross Country and Athletics Carnivals will determine those students who are eligible to trial for each of these sports, and as such individual nominations are not required.

Sports offered include:

AFL			Netball	
Basketball			Softball	
Cricket			Soccer (boys)	x
Aquathlon			Tennis	
Golf			Touch Football	
Rugby League			Hockey	x
Rugby Union			Squash	

(Please note sports marked with an 'X' have trials very soon so please nominate before given date below.)

For your child to trial for a particular sport please email me, Mr Linning (brendon.linning@calvarycc.qld.edu.au) your child's interest in trialling by no later **20 March 2024**.

Once I have received student nominations I will be in contact when information regarding trials for each sport become available from the Beenleigh Zone/Pacific District throughout the year.

I look forward to working with you and your child in 2024 to ensure that they unleash their sporting potential.

Yours in Sport,

Brendon Linning
 Junior School Sports Coordinator, Carbrook Campus
